58th FIFA Congress

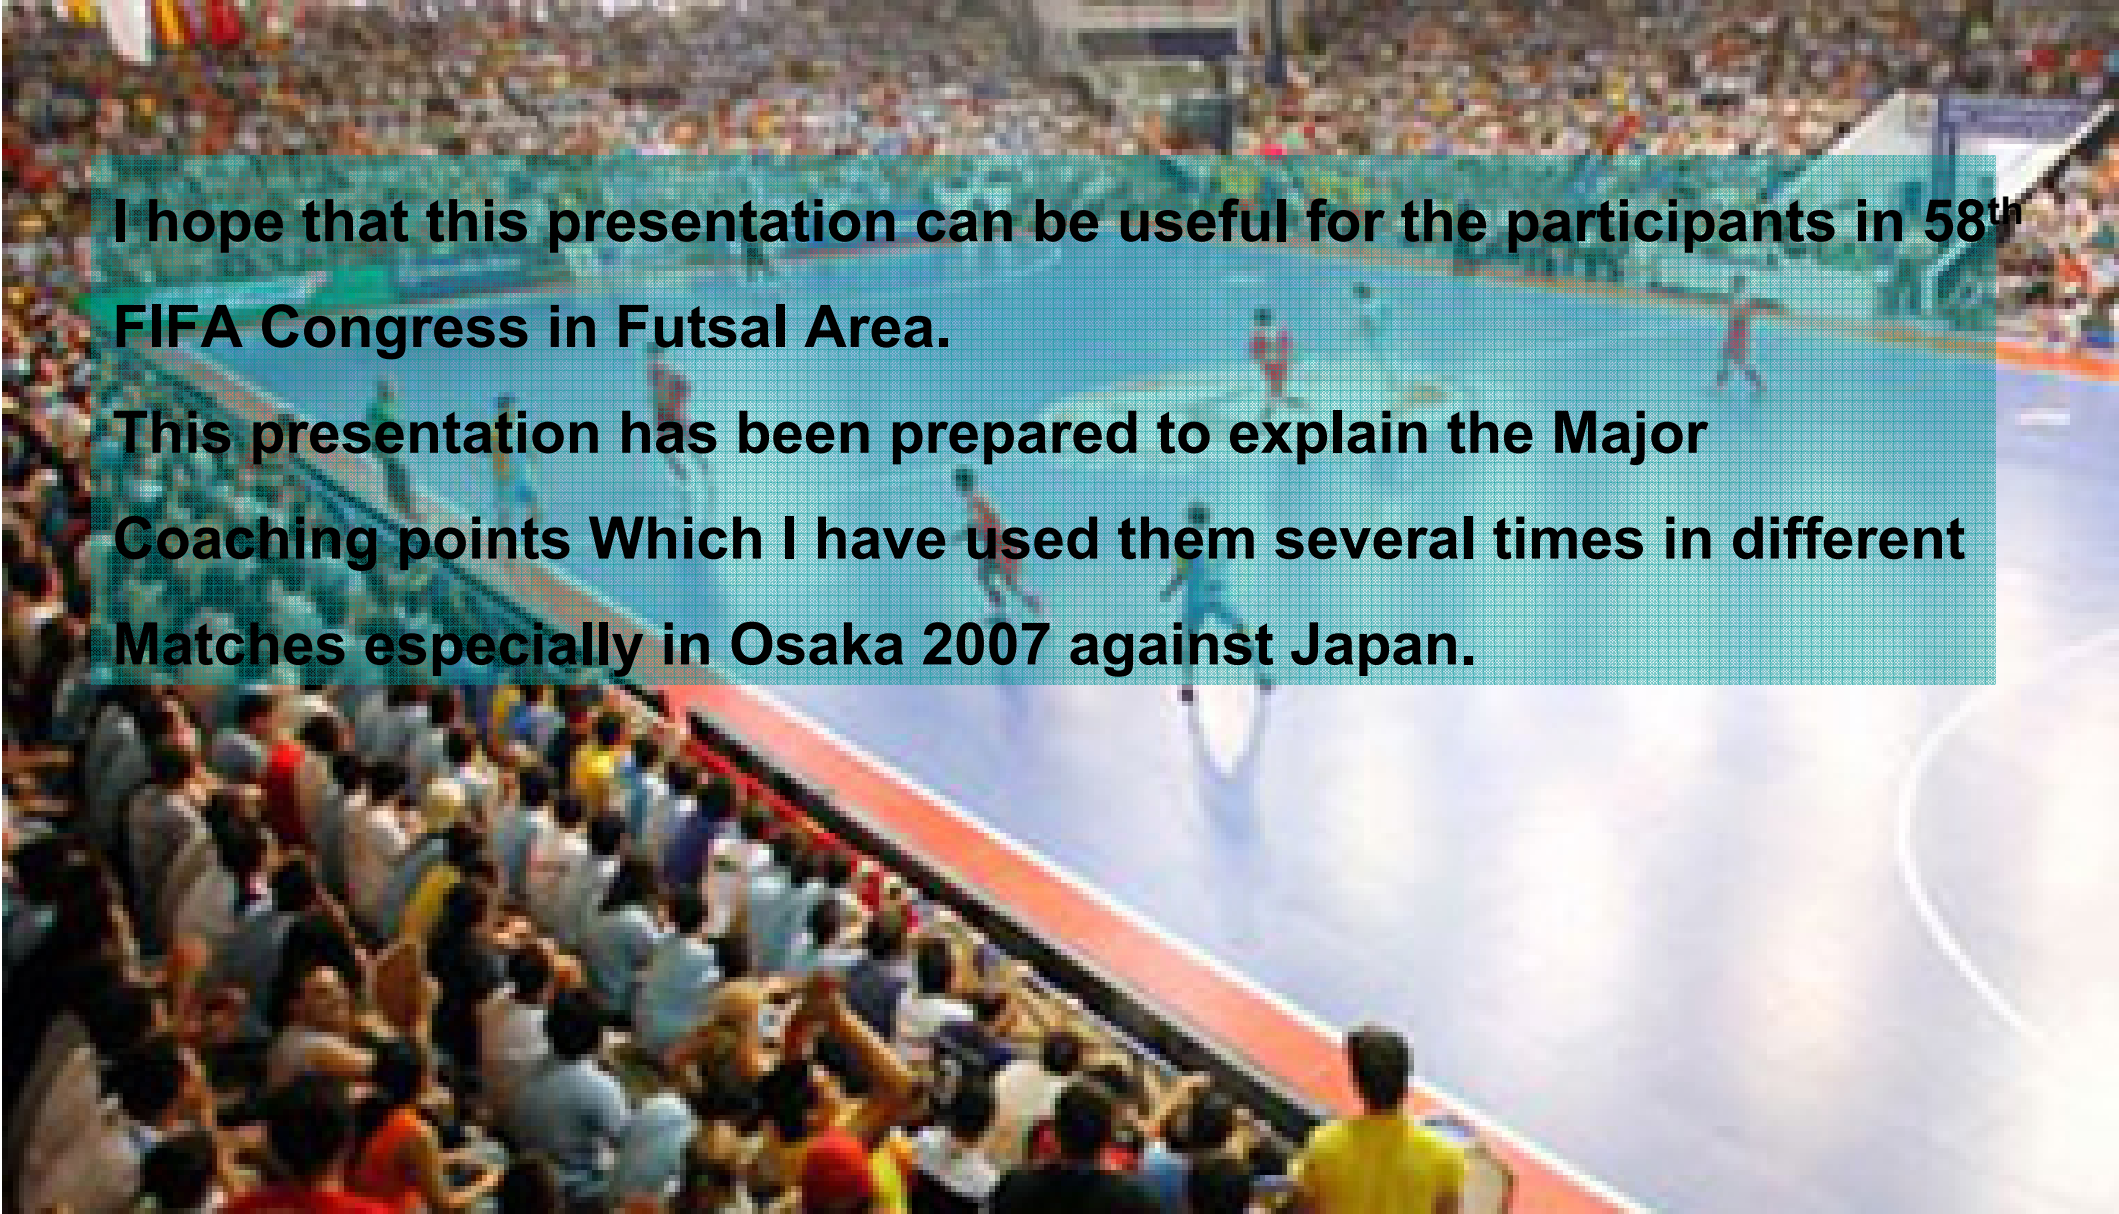

Sydney May 2008 - Australia

A large crowd of spectators is visible in the background, watching a futsal match on an indoor court. The court is blue and has orange lines. Several players in red and blue uniforms are visible on the court. The text is overlaid on a semi-transparent blue box.

I hope that this presentation can be useful for the participants in 58th FIFA Congress in Futsal Area.

This presentation has been prepared to explain the Major Coaching points Which I have used them several times in different Matches especially in Osaka 2007 against Japan.

Lure in attack

**As The Japan Players was afraid of
our number 9 (Vahid),
We used from him

Rebound in Attack

Major Coaching Command
To players:

"Japan's GK usually gets the ball two touches"

So I instructed players also we
scored in a positive
REBOUND
By number 3

Defense 4 against 5

-My Team use to play 2-2 defensive system
When opponents changed to play 'Power
Play' in this tournament.

-But in this specific match modified 1-2-1
Def. system against Japan's power play.

- So Japan's No. 5 (Power Player) was not
efficient in attacking situation.
